THE LORD'S PRAYER

Our father, who art in heaven, hallowed be thy name; thy kingdom come; thy will be done in earth as it is in heaven. Give us this day our daily bread. And forgive us our trespasses, as we forgive them that trespass against us. And lead us not into temptation, but deliver us from evil, for thine is the kingdom, the power and the glory, for ever and ever. Amen.

"God so loved the world that He gave His one and only Son JESUS CHRIST that whoever believes in Him shall not perish but have eternal life." Bible

"Come to me, all you who are weary and burdened, and I will give you rest" - Jesus Christ

"Hatred ever kills, Love never dies. Such is the vast difference between the two. What is obtained by love is retained for all time. What is obtained by hatred proves a burden in reality, for it increases hatred. The duty of a human being is to diminish hatred and to promote love.

- Mohandas K. Gandhi

PRINCIPAL'S MESSAGE

KNOWLEDGE

Knowledge is familiarity or awareness of something such as facts and information which is acquired through education or experience by perceiving or learning. Knowledge can refer to a theoretical or practical understanding of a subject. It can be implicit (as with practical skill or expertise) or explicit (as with the theoretical understanding of a subject), William Shakespeare says that ignorance is the curse of God and knowledge is the wing wherewith we fly to heaven. Knowledge has to be improved, challenged, and increased constantly, or it vanishes. We

should be hungry for knowledge. There should not be any doubt that knowledge is power. Power originates from state of fearlessness and fear exists till there is lack of knowledge. A well educated and well informed person can make clever decisions with the help of their understanding and awareness of everyday situations and overcome difficult condition prevailing at a particular situation.

Education and Knowledge

Education is a process of gaining knowledge for some useful application whereas knowledge is facts acquired from good education, peers, consultations and extensive reading. Education is a process of learning and

knowing various facts, ideas and theories. While on other hand knowledge is the application of these facts and theories. Education has a predefined set of rules, regulations and curriculum whereas knowledge has no such boundaries. It can come from teachers, parents, friends, painful moments of life, joyous moments, children etc. Hence it is not taught but acquired by self efforts.

Education helps an individual to realize the self potential and talents. It is related to different fields of learning and teaching such as computer science, sociology, language etc. Knowledge helps these traditions to grow for the betterment of society and not the selfish motto. Education is a formal process of gaining

knowledge whereas knowledge is informally acquired through experiences. Educational institutions like school, college and universities provide knowledge in certain discipline to enhance expertise and we have to apply in our situation to make our life success.
