2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college made a few reforms to improve the CIE system: All the departments were asked to define clear learning outcomes for each course. Assessment tasks were designed to align with the defined learning outcomes. The college developed a feedback mechanism that provides students with meaningful feedback on their performance. Transparency in providing students with clear information on assessment tasks, grading criteria, and the weighting of each task in the final grade was implemented. The college provided training and support for faculty to develop effective assessment tasks, provide feedback, and evaluate student performance. This included workshops, online resources, and peer observation. By implementing these reforms, the college improved the CIE system, which led to better student learning outcomes and a more meaningful educational experience.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Being an affiliated college of Thiruvalluvar University, we used to get an academic calendar at the beginning of each academic year. The institute has developed a structured process for implementing the curriculum. Based on this, we prepare our own academic calendar for the year 2016-2017. The college has an Exclusive office for examinations headed by Controller of Examinations to monitor all matters pertaining to university exams and assessment tests. Thiruvalluvar University has asked all the affiliated colleges to enter 3 CIA marks with attendance parentage in the University portal on the stipulated date given in the university academic calendar. Each HOD prepares their own course plan for each semester. The dates for CIA tests mentioned in the academic calendar are strictly adhered to ensure the submission of internal marks on time. Even the number of working days and the last date of the working day for each semester are calculated as per the university academic calendar. The academic calendar prepared by the college includes the date of reopening, dates of CIA tests, the due date of payment of exam fees, the date for submission of internal marks, etc. This ensures the smooth conduct of academic affairs in the institution. The College IQAC Controller of Examinations monitor the coverage of the Syllabus, Preparation of CIA Question Papers, Assignments and Progress of Lab Sessions.
